**Left Brain: Verbal Description (50 pts.)**

1- Student used the elements of *line, shape and texture* to create their drawing based on verbal description without prior knowledge of the person being described. (25 pts.)

2- Student executed a *2-D drawing of a male* character as described verbally by teacher to the best of their ability. (25 pts.)

**Right Brain: Visual Observation (50pts.)**

3- Students drew Dali *upside down* from visual observation.

4- Students created a 3-D form because they drew Dali as a map of lights and darks showing 5 different value changes.

**TOTAL GRADE:**

Name: ___________________    Pd. _____    ___________________
